Dear Acting Secretary McGinty:

On January 21, 2003, the Environmental Protection Agency received a revision to the Pennsylvania State Implementation Plan (SIP) submitted by your department on January 17, 2003. This SIP submission consists of a revision to Pennsylvania's highway motor vehicle emissions budget for the Philadelphia Ozone Nonattainment Area. This SIP revision was submitted to satisfy an EPA requirement to remodel the motor vehicle emissions budget using the latest available MOBILE6 highway vehicle emissions estimation model. The remodeling requirement was specified under EPA's approval of the Philadelphia Ozone Attainment Demonstration, which appeared in the January 29, 2002 edition of the *Federal Register*.

The assigned project officer for the revised motor vehicle emissions budget SIP revision is Brian Rehn at (215) 814-2176.

If you have any questions, please feel free to contact me or have your staff contact the project officer listed above.

Sincerely,
